

Online Locker Assignment

Student Instructions

Once you have selected a locker you will be shown the combination. At this point, you will not be able to choose a different locker.

Please note that grade 8 students will share a locker. With some care and planning you can ensure that you share your locker with your preferred partner.

1. Go to <https://alpha.lockerassignment.com/> or click the “Locker Assignment” link under “Quick Links” on Alpha’s website.
2. Login using your student number as the user id and your date of birth as your password. The format for the password is YYYYMMDD. For example, if you were born on January 1, 2000, and your student number is 12345, your user id would be “12345” and your password would be “20000101”.
3. Select a zone of the school in which you would like to have a locker. Note that as the availability of lockers in a zone changes, the zone buttons will change from:
 - a. Yellow (many lockers available), to
 - b. Orange (over 50% of lockers capacity assigned) to
 - c. Red (no lockers available in zone).
4. When a zone is selected the available lockers will be listed. A locker entry that is Green is an empty locker, and a locker entry that is Orange has at least one person in the locker already.
5. Once you have selected a locker you will be shown the locker combination. You can login at any time to see your assigned locker and combination.
6. You cannot change your locker through the online application.
